Assa Key

Optional

Standard Strike Shown
Keeper with Dustbox and Keeper with Switch also available. Strikes/keepers must be ordered separately.

APPLICATIONS

The 85 Series Mechanical Deadbolt is a solid deadbolt designed for cell doors, corridor doors and day room doors, for use in maximum security applications. They are also suitable for access doors, storage rooms and control cabinets. The 85 Series operates by Assa key cylinder, which releases the deadlock and retracts the latchbolt.
